A True "Gapless" Binder—Guaranteed!

Flat Open Load

No-gap, patent-pending one-piece rings snap securely into their base.

Pages always flow smoothly and won't fall out even if the binder is dropped.

Revolutionary mechanism allows rings to lay flat when not in use so binders can ship or store flat.

GAPLESS RING

E Gapless Loop Ring View Binder Unique gapless one-piece loop rings make page turning so incredibly smooth. Rings fold flat so your binder takes up less space when stored empty. Rings snap into secure base that keeps binder from opening when dropped, so your papers stay exactly where they belong. Perfect for archival storage. Create customized inserts for the front cover and spine for a professional presentation. One interior pocket for safely storing loose sheets.
