

The World's Largest Selection of Ribbons!

The ribbon compatibility chart below lists, on the first line of each section, the machine manufacturer and model number(s) of printers, typewriters and financial machines. The first column on the left lists all manufacturers of ribbons available for those machines. The next column is the photo identification key. Note: Ribbon photos should not be the sole determining factor when selecting a ribbon. Always refer to the chart under printer manufacturer and model. Then comes the stock

number, description, quantity and price columns. For typewriter ribbons, a correction tape key column follows. See page 1354 for correction tape stock numbers and descriptions. Also, the top of each page lists a selection of available correction tapes for typewriters on that particular page. Again, see page 1354 for additional tapes available. For additional ribbon selections, go to www.biggestbook.com. For calculator ribbons, see page 457.

Manufacturer	Key	ID No.	Description	Qty.	Unit	Price	Correction Tape Key
Brother Typewriters All AX, GX and Correctronic models; EM-30, 31, 31II, ML-100, 300, 500, SX-14, 16, 23, 4000; WPT-470, 480; ZX-1700, 1900; all WPS except 55, 200, 500, 510+, 650
