

Material Safety Data Sheet

1. Product and Company Identification

Material name	HP Color LaserJet CB380A Black Print Cartridge		
Use of the preparation	This product is a black toner preparation that is used in HP Color LaserJet CP6015 series printers.		
Version #	05		
Revision date	04-15-2009		
Company identification	Hewlett-Packard Company 3000 Hanover Street Palo Alto, CA 94304-1185 United States Telephone 650-857-1501		
	Hewlett-Packard health effects line (Toll-free within the US) 1-800-457-4209 (Direct) 1-503-494-7199 HP Customer Care Line (Toll-free within the US) 1-800-474-6836 (Direct) 1-208-323-2551 Email: hpcustomerinquiries@hp.com		
Date prepared	Apr 15, 2009		
. Hazards Identification			
Acute health effects			
Skin contact	Unlikely to cause skin irritation.		
Eye contact	May cause transient slight irritation		
Inhalation	Minimal respiratory tract irritation may occur with exposure to large amounts of toner dust. Us of this product as intended does not result in inhalation of excessive amounts of dust.		
Ingestion	Low acute toxicity. Ingestion is a minor route of entry for intended use of this product.		
Potential health effects			
Routes of exposure	Potential routes of exposure under normal use conditions are skin, eye contact and inhalation		
	Ingestion is not expected to be a primary route of exposure for this product under normal use conditions.		
Chronic health effects	Prolonged inhalation of excessive amounts of any dust may cause lung damage. Use of this product as intended does not result in inhalation of excessive amounts of dust.		
Carcinogenicity	Carbon black is classified by the IARC as a Group 2B carcinogen (the substance is possibly carcinogenic to humans). Carbon black in this preparation, due to its bound form, does not present this carcinogenic risk.		
Other information	This product is not classified as hazardous according to OSHA CFR 1910.1200 or EU Directive 1999/45/EC, as amended.		
	This preparation contains no component classified as Persistent, Bioaccumulative, and Toxic (PBT) or very Persistent and very Bioaccumulative (vPvB) as defined under Regulation (EC) 1907/2006.

+ Aid M 4 -----

4. First Aid Measures			
First aid procedures			
Eye contact	Do not rub eyes. Immediately flush with large amounts of clean, warm water (low pressure) for at least 15 minutes or until particles are removed. If irritation persists, consult a physician.		
Skin contact	Wash affected areas thoroughly with mild soap and water. Get medical attention if irritation develops or persists.		
Inhalation	Move person to fresh air immediately. If irritation persists, consult a physician.		
Ingestion	Rinse mouth out with water. Drink one to two glasses of water. If symptoms occur, consult a physician.		
5. Fire Fighting Measures			
Flash point and method	Not applicable		
Hazardous combustion products	Carbon monoxide and carbon dioxide.		
Flammable properties	Like most organic material in powder form, toner can form explosive dust-air mixtures when finely dispersed in air.		
Extinguishing media			
Suitable extinguishing media	CO2, water, or dry chemical		
Unsuitable extinguishing media	None known.		
Unusual fire and explosion hazard	Like most organic material in powder form, toner can form explosive dust-air mixtures when finely dispersed in air.		
Protection of firefighters			
Protective equipment and precautions for firefighters	If fire occurs in the printer, treat as an electrical fire.		
Special firefighting procedures	None established.		
6. Accidental Release Measures			
Personal precautions	Minimize dust generation and accumulation.		
Environmental precautions	Do not flush into surface water or sanitary sewer system. See also section 13 Disposal considerations.		
Other information	Slowly vacuum or sweep the material into a bag or other sealed container. Clean remainder with a damp cloth or vacuum cleaner. If a vacuum is used, the motor must be rated as dust explosion-proof. Fine powder can form explosive dust-air mixtures. Dispose of in compliance with federal, state, and local regulations.		
7. Handling and Storage			
Handling	Keep out of the reach of children. Avoid inhalation of dust and contact with skin and eyes. Use with adequate ventilation. Keep away from excessive heat, sparks, and open flames.		
Storage	Keep out of the reach of children. Keep tightly closed and dry. Store away from strong oxidizers. Store at room temperature.		

8. Exposure Controls / Personal Protection

Exposure auidelines

USA OSHA (TWA/PEL): 15 ma/m3 (Total Dust). 5 ma/m3 (Respirable Fraction)

9. Physical & Chemical Properties

	•	
	Appearance	Fine powder
	Color	Black
	Odor	Slight plastic odor
	Odor threshold	Not available.
	Physical state	Not available.
	Form	solid
	рН	Not applicable
	Melting point	Not available.
	Freezing point	Not available.
	Boiling point	Not applicable
	Flash point	Not applicable
	Evaporation rate	Not applicable
	Flammability	Not available.
	Flammability limits in air, upper, % by volume	Not available.
	Flammability limits in air, lower, % by volume	Not flammable
	Vapor pressure	Not applicable
	Vapor density	Not applicable
	Specific gravity	1 - 1.2 (H2O = 1)
	Relative density	Not available.
	Solubility (water)	Negligible in water. Partially soluble in toluene and xylene.
	Partition coefficient (n-octanol/water)	Not available.
	Auto-ignition temperature	Not applicable
	Decomposition temperature	Not available.
	Softening point	212 - 302 °F (100 - 150 °C)
	Viscosity	Not applicable
	Other information	Decomposition temperature: > 200 ° C
n	Chamical Stability & Poactivity	v Information

10. Chemical Stability & Reactivity Information

Chemical stability	Stable under normal storage conditions.
Conditions to avoid	Imaging Drum: Exposure to light
Incompatible materials	Strong oxidizers
Hazardous decomposition products	Carbon monoxide and carbon dioxide.
Possibility of hazardous reactions	Will not occur.

11 Tovicological Information

invent	Material Safety Data Sheet
Sensitization	Not classified as a sensitizer according to EU Directive 67/548/EEC and as amended, and OSHA HCS (US).
Chronic toxicity	No information available.
Carcinogenicity	Carbon black is classified as a carcinogen by the IARC (possibly carcinogenic to humans, Group 2B) and by the State of California under Proposition 65. In their evaluations of carbo black, both organizations indicate that exposure to carbon black, per se, does not occur wh it remains bound within a product matrix, specifically, rubber, ink, or paint. Carbon black is present only in a bound form in this preparation. None of the other ingredients in this preparation are classified as carcinogens according to ACGIH, EU, IARC, MAK, NTP or OSHA.
Mutagenicity	Negative, does not indicate mutagenic potential (Ames Test: Salmonella typhimurium)
Reproductive toxicity	Not classified as toxic according to EU Directive 67/548/EEC and as amended, California Prop. 65, and DFG (Germany).
2. Ecological Information	
Ecotoxicity	96.00 Hours, LL50 > 1000 mg/l, rainbow trout
Persistence and degradability	Not available.
3. Disposal Considerations	
Disposal instructions	Do not shred toner cartridge, unless dust-explosion prevention measures are taken. Finely dispersed particles may form explosive mixtures in air. Dispose of in compliance with federa state, and local regulations.
	HP's Planet Partners (trademark) supplies recycling program enables simple, convenient recycling of HP original inkjet and LaserJet supplies. For more information and to determin if this service is available in your location, please visit http://www.hp.com/recycle.
