Mercado, Laurie

Home Care : Scotch-Brite®, Disposable Toilet Cleaner - Refills 557R

IF SWALLOWED
Do not induce vomiting unless instructed to do so by medical personnel. Give person two glasses of water. Never give anything mouth to an unconscious person. Get medical attention.

INHALATION
No need for first aid is anticipated.

SKIN CONTACT
Immediately flush skin with large amounts of water. If signs/symp develop, get medical attention.

EYE CONTACT
Get immediate medical attention. Flush eyes with large amounts of water.

4 FIRST AID MEASURES

SCOTCHBRITE(TM) DISPOSABLE TOILET BOWL SCRUBBER
Page 2 of 7

Ingredient Name	CAS number	Percentage
NON-WOVEN SCRUBBING PAD	---	70 - 85
ANIONIC SURFACTANT	---	15 - 30

3 COMPOSITION

Safety Phrases: Avoid contact with the skin and eyes.
In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
After contact with skin, wash immediately with plenty of water.
Keep out of the reach of children.

S Codes: 24/25-26-28B-2

Risk Phrases: Harmful if swallowed.
Irritating to eyes, respiratory system and skin.

R Codes: 22-36/37/38

Symbols: Xn (Harmful)
(Schedule 5 Poison)

NOTE: Hazardous according to criteria of NOHSC Australia.

2 HAZARDS IDENTIFICATION

OfficeWorld.com does not independently verify, and accordingly does not warrant, the accuracy of any information contained in this MSDS.

9 PHYSICAL/CHEMICAL PROPERTIES

Prevention of Accidental Ingestion
Do not ingest. Keep out of reach of children.
Respiratory Protection
Under normal use conditions, airborne exposures are not expected to be significant enough to require respiratory protection.
Skin Protection
Avoid skin contact.

Special Information, Exposure/Protection
The extent to which the following recommendations for exposure control and protection are observed should depend on the risk assessment undertaken for the specific conditions under which the product is used, including occupational hygiene measurements.
Recommended Ventilation
Not applicable
Eye Protection
Avoid eye contact.

8 EXPOSURE CONTROLS/PERSONAL PROTECTION

Conditions for Safe Storage
Keep out of reach of children.

7 HANDLING AND STORAGE

Spill Response
Not applicable

6 ACCIDENTAL RELEASE MEASURES (SPILL)

FIRE FIGHTING PROCEDURES
Wear full protective equipment (Turnout gear) and a self-contained breathing apparatus (SCBA).

5 FIRE FIGHTING MEASURES

Effects from Skin Contact

Effects from Eye Contact
Severe eye irritation: signs/symptoms can include redness, swelling, tearing, cloudy appearance of the cornea, impaired vision a possible permanently impaired vision. Mechanical eye irritation: signs/symptoms may include pain, redness, tearing and corneal abrasion.

11 TOXICOLOGICAL INFORMATION

SCOTCHBRIT® (TM) DISPOSABLE TOILET BOWL SCRUBBER Page 4 of 7

Hazardous Decomposition Products
Under recommended usage conditions, hazardous decomposition products are not expected. Hazardous decomposition products may occur as a result of oxidation, heating, or reaction with another material.

Stability
Hazardous polymerisation will not occur. Stable.
Materials to Avoid
None known.

10 STABILITY AND REACTIVITY

Appearance and Odour	Blue non-woven pad; citrus odour
pH	Not applicable
Vapour pressure	Not applicable
Vapour density	Not applicable
Boiling point	Not applicable
Melting point	Not applicable
Water Solubility	Moderate
Specific gravity	Not applicable
Flash point	Not applicable
Flammable Limits - LEL	Not applicable
Flammable Limits - UEL	Not applicable
Autoignition temperature	Not applicable

OfficeWorld.com does not independently verify, and accordingly does not warrant, the accuracy of any information contained in this MSDS.

14 TRANSPORT INFORMATION

Disposal methods
Dispose of along with household waste.

13 DISPOSAL CONSIDERATIONS

SCOTCHBRITE (TM) DISPOSABLE TOILET BOWL SCRUBBER
Page 5 of 7

Bioaccumulation Potential
Tests show that the components labeled 'Bioconcentrate' will bioconcentrate or accumulate in living organisms. Tests have shown that the components labeled "Don't bioconcentrate" did NOT bioconcentrate or accumulate in the test organisms.

Environmental Data
Not determined

Persistence/Biodegradability
The components labeled 'readily biodegradable' are expected to fully degrade in wastewater treatment and in most aerobic water or soil environments.

Ecotoxicity Data
This substance is likely to have insignificant toxicity to aquatic organisms because polymers generally have high molecular weights, stable, and are insoluble in water. Polymers generally don't biodegrade and are not likely to bioconcentrate. There is insufficient information to calculate the ecotoxicity of this product. The components labeled "Inorganic" do not biodegrade but may be removed by other mechanisms.

12 ECOLOGICAL INFORMATION

Effects from Ingestion
Illness may occur after a single swallowing of relatively large quantities of this material. Irritation to the gastrointestinal tract. Signs/symptoms can include pain, vomiting, abdominal tenderness, nausea, diarrhoea and vomiting. Physical Blockage: signs/symptoms may include cramping, abdominal pain and constipation

Effects from Inhalation
No adverse health effects are expected from inhalation exposure.
Effects from Inhalation
Signs/symptoms may include abrasion, redness, pain, and itching. Swelling, itching and dryness. Mechanical skin irritation: Moderate skin irritation: Signs/symptoms can include redness, swelling, itching and dryness. Mechanical skin irritation: Signs/symptoms may include abrasion, redness, pain, and itching.

16 OTHER INFORMATION

Product Certifications
AICS - Yes
