

Material Safety Data Sheet

Print Date: 12/16/2005

Revision Number: 1

1. PRODUCT AND COMPANY IDENTIFICATION

Product name: Airwick® Freshmatic Automatic Spray (US)

Product Description: Automatic Aerosol Spray

Item Number: 0033759 - Lavender
0033754 - Citrus
0033861 - Harvest Spice
0051262 - Papaya & Mango

Formula Number: NA formula # 987-58A - Lavender
NA formula # 987-58B - Citrus
NA Formula # 987-77 - Harvest Spice
NA Formula # 987-86a - Papaya & Mango

Validation Date: 12/16/2005

UPC Number and Size: 62338-779670-7 Lavender Starter Kit; 62338-7961-4 Lavender Refill Kit
62338-77964-5 Citrus Starter Kit; 62338-77965-2 Citrus Refill Kit
62338-78283 Traditions Starter Kit; 62338-78284 Traditions Refill Kit
62338-78620-00 Papaya & Mango Starter

Synonyms: Airwick® Automatic Spray

Chemical characterisation: Aerosol Air Freshener

Manufacturer: Reckitt Benckiser, Inc.
Morris Corporate Centre IV
399 Interpace Parkway (P.O. Box 225)
Parsippany, N.J. 07054-0225

Emergency telephone number: 1-800-228-4722 (US)

Transportation Emergencies: 1-800-424-9300 (U.S. & Canada) CHEMTREC
Outside the U.S. and Canada (North America) Chemtrec call:703-527-3887

2. COMPOSITION/INFORMATION ON INGREDIENTS

Exposure limits

Components	CAS-No	Weight %	ACGIH:	OSHA:
PROPELLANT BLEND 152 A HFC	75-37-6	30 - 40%		None
Isobutane	75-28-5	20 - 30%	800ppm TWA / 1900 mg/m ³	None
Fragrance	00-00-0	1 - 5%		None
Isopar M Solvent	64742-47-8	30 - 40%	= 200 mg/m ³ TWA application restricted to conditions in which there are negligible aerosol exposures	None

3. HAZARDS IDENTIFICATION

Emergency Overview

- KEEP OUT OF REACH OF CHILDREN
 - EXTREMELY FLAMMABLE
 - WARNING: IRRITATING TO EYES
 - May be harmful or fatal if swallowed
 - Contents under pressure
- DO NOT PUNCTURE OR INCINERATE CONTAINER.
- Do not expose to heat or store at temperatures above 50 °C (120°F) as container may burst.

Physico-chemical
properties:

Extremely flammable.

KEEP OUT OF REACH OF CHILDREN

4. FIRST AID MEASURES

- Skin contact:** After contact with skin, wash immediately with plenty of water. If skin irritation persists, call a physician
- Ingestion:** Rinse mouth with water and drink afterwards plenty of water. DO NOT INDUCE VOMITING!
- Eye contact:** Rinse immediately with plenty of water, also under the eyelids for at least 15 minutes. If symptoms develop or persist seek medical advice.
- Notes to physician:** No information available.
- Aggravated Medical Conditions:** NOTE TO PARENTS: Intentional misuse by deliberately concentrating and inhaling aerosol products may be harmful or fatal. Help stop inhalation abuse; for information visit www.inhalant.org.

5. FIRE-FIGHTING MEASURES

- Suitable extinguishing media:** Foam. Dry powder water. water spray.
- Extinguishing media which must not be used for safety reasons:** No information available.
- Specific hazards:** Extremely flammable. All aerosols are pressurised products and will eventually burst if exposed to very high temperatures, or if involved in a fire. They will then release the propellant gas which is extremely flammable (152 A HFC).
- Unusual hazards:** Move containers away from fire if possible and safe to do so. Use water spray to cool fire exposed containers. Provide shielding for personnel exposed to venting, rupturing or bursting containers.
- Special protective equipment for firefighters:** Wear self contained breathing apparatus for fire fighting if necessary.
- Specific methods:** No information available.
- Flash point:** Aerosol product - Not applicable.
- Autoignition temperature:** No information available.

Flammability Limits in Air:

- lower
- upper

No information available
 No information available

NFPA: Health: 2

Flammability: 3

Instability: 0

HMIS: Health: 2

Flammability: 3

Physical Hazard: 0

Key:

See also section 3

6. ACCIDENTAL RELEASE MEASURES

Personal precautions: Ensure adequate ventilation.

Environmental precautions: Do not allow material to contaminate ground water system.

Methods for cleaning up: Eliminate all sources of ignition and ventilate the area with equipment rated for use in flammable environments. Small spillages of up to 1 litre (0.26 gallon) may be cleaned up with a mop or an absorbant cloth. Medium spills of up to 5 litres (1.32 gallons) should be absorbed with sand, earth, sawdust or other inert material and transferred to a suitable container for disposal.

7. HANDLING AND STORAGE

Handling: No special technical protective measures required. Pressurised container: protect from sunlight and do not expose to temperatures exceeding 50°C (120°F). Do not pierce or burn after use. Keep away from all sources of ignition. Fires involving aerosols with flammable contents are severe and can spread quickly. Warehouses or stores containing aerosols should therefore be separated from other areas by a fire resistant construction of at least one half hour duration. Stores should be well ventilated. The natural ventilation in a large open warehouse building will normally be suitable. Do not spray on a naked flame or any other incandescent material. KEEP OUT OF REACH OF CHILDREN.

Storage: Store in original container in areas inaccessible to small children and pets. Store in a secure, cool location, inaccessible to children.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

-
-

Engineering measures to reduce exposure: Ensure adequate ventilation.

Personal protective equipment

Respiratory protection: Self-contained breathing apparatus (SCBA).

Hand protection: None required under normal use conditions. Emergency responders should wear impermeable gloves.

Skin and body protection: None required under normal use conditions.

Eye protection: Avoid contact with eyes. Emergency responders should wear full eye and face protection.

Hygiene measures: Washing with soap and water after use is recommended as good hygienic practice to prevent possible eye irritation from hand contact.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state:	Liquid
Appearance:	Aerosol.
Colour:	No information available.
Odour:	No information available.
pH:	No information available.
Autoignition temperature:	No information available.
Specific Gravity:	Specific Gravity:
Density:	No information available.
Bulk density:	No information available.
Vapor density:	not determined.
Vapour pressure:	not determined.
Solubility:	No information available.
VOC Content(%):	No information available.
Explosion limits:	
- upper:	no data available.
- lower:	no data available.

10. STABILITY AND REACTIVITY

Stability:	Stable under recommended storage conditions.
polymerization:	Hazardous polymerisation does not occur.
Hazardous decomposition products:	Oxides of carbon and unknown organic compounds.
Materials to avoid:	Do not mix with other household chemicals
Conditions to avoid:	Keep away from open flames, hot surfaces and sources of ignition. Pressurised container. Protect from sunlight and do not expose to temperatures exceeding 50°C (120°F). Extremes of temperatures can occur in cars and near ovens and fireplaces. Do not place in contact with hot surfaces or near naked flames. Do not pierce or burn after use. Do not spray on a naked flame, onto or near a fire, or any incandescent material such as an electric fire. Do not expose to temperatures above 50°C (120°F).

11. TOXICOLOGICAL INFORMATION

Acute toxicity

Component Information

Product Information

LC50/inhalation/4h/rat =	No information available.
LD50/dermal/rabbit =	No information available.
LD50/oral/rat =	No information available.

Local effects

Skin irritation:	None expected during normal conditions of use.
-------------------------	--

Eye irritation:	None expected during normal use. May cause eye irritation upon direct contact with eyes
Inhalation	NOTE TO PARENTS: Intentional misuse by deliberately concentrating and inhaling aerosol products may be harmful or fatal.
Ingestion	Health injuries are not known or expected under normal use
sensitisation	Not expected to be a skin sensitiser
Chronic toxicity:	No information available

Specific effects

carcinogenic effects:	Not listed as carcinogenic by OSHA, NTP or IARC
mutagenic effects:	No information available
Reproductive toxicity:	No information available
Target Organ Effects:	No information available

Information is based on data on the components and the toxicology of similar products

12. ECOLOGICAL INFORMATION

Product Information

Mobility:	not applicable.
Bioaccumulative potential:	not applicable.
Ecotoxicity effects:	no data available.
Aquatic toxicity:	No information available.

Component Information

PROPELLANT BLEND 152 A HFC

Ecotoxicity:	No test data on the actual product
---------------------	------------------------------------

Isobutane

Ecotoxicity:	No test data on the actual product
---------------------	------------------------------------

Fragrance

Ecotoxicity:	No test data on the actual product
---------------------	------------------------------------

Isopar M Solvent

Ecotoxicity:	No test data on the actual product
---------------------	------------------------------------

Other information

Ozone depletion potential; ODP; (R-11 = 1) =	No information available.
Global warming potential (GWP) =	No information available.
Additional ecological information:	Information given is based on data on the components and the ecotoxicology of similar products.

13. DISPOSAL CONSIDERATIONS

Waste from residues / unused products:	Dispose of in accordance with local regulations.
---	--

Contaminated packaging:

not applicable.

14. TRANSPORT INFORMATION
