**A Digital Carbonless Paper** Save time and inventory by creating forms on an "as needed" basis.

ID No.	Color	Sequence	Sheet Size	Sheet Qty.	Unit	Price
<b>One-Part</b> —Coated front and back.						
1	PMC-59100•	Canary	Single Sheet	8½ × 11	500 PK	24.46
2	PMC-59103•	White	Single Sheet	8½ × 11	2,500 CT	141.70
<b>Two-Part</b> —Collated, 1,250 sets.						
3	PMC-59104	White/Canary	Straight	8½ × 11	2,500 CT	105.72
4	PMC-59101•	White/Canary	Straight	8½ × 11	5,000 CT	202.42
<b>Three-Part</b> —Collated, 835 sets.						
5	PMC-59105	Pink/Canary/White	Reverse	8½ × 11	2,505 CT	117.65
6	PMC-59106•	White/Canary/Pink	Straight	8½ × 11	2,505 CT	117.65
7	PMC-59102•	White/Canary/Pink	Straight	8½ × 11	5,010 CT	227.16

**B Premium Digital Carbonless Paper** Optimized for color imaging—designed for both digital color and black-and-white printing. Save time in handling and inventory costs by creating carbonless forms on an as-needed basis. One product—one inventory. Superior runnability. The capsule control coating prevents equipment contamination while increasing image quality. Print side identification arrows on edge of ream.

11	XER-3R12425	White/Canary/Pink	Straight	8½ × 11	5,010 CT	242.72

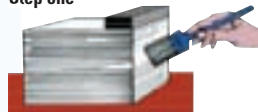

**C Fast Pack Digital Carbonless Paper** Optimized for digital monochrome and color printing. Reduce inventory costs—no obsolete forms to discard. Five-ream convenience carton designed to meet your short-run form needs. Increase print productivity and data processing by integrating digital print features and the use of color into your multi-part forms for on-demand printing applications. Improved runnability and higher quality image transfers. Side Ream Identification System eliminates costly paper loading errors by providing a line of arrows on the end of each ream that points to the print side of the paper.
