

Legendary Reliability™

A Back-UPS® ES 750 Battery Backup System This state-of-the-art device delivers reliable computer system and peripheral power protection. Significantly reducing energy consumption, it utilizes a new, proprietary charging system that's five times more efficient than any other in its VA range. Master and controlled outlets eliminate "phantom loads" by cutting power to printers, scanners and speakers when your computer is not in use. \$75,000 Equipment Protection Policy. Manufacturer's three-year warranty.

ID No.	VA	Outlets	Run Time*	Joules	Dimensions	Unit	Price
1 APW-BE750G *	750 VA	5 Surge Only; 5 UPS/Surge	12 minutes	365 J	7 ¹ / ₁₆ " × 13 ¹ / ₂ " × 3 ¹ / ₂ "	EA	155.00

* FCC Part 15 Class B; FCC Part 68; TUV; UL 1449; UL 1778. Run Time based on a load of 225 watts.

B – C UPS Battery Backup Systems Protect computers and other sensitive electronics with reliable backup power. Power conditioning protects connected loads from surges, spikes, lightning, and other disturbances. Automatic battery self-test ensures early detection of a battery that needs to be replaced. Hot-swappable batteries deliver clean, uninterrupted power to protected equipment while batteries are being replaced. Audible alarms provide notification of changing utility power and UPS conditions. Combination of battery-protected and surge-only outlets reserves power capacity for connected equipment that requires battery back-up.

B Back-UPS® ES Series Battery Backup System Designed to use less energy during normal operation, this backup system provides enough power for you to work through short and medium length power outages. Data line protection safeguards your equipment from damaging surges and spikes that travel along utility and data lines. Four stage LED status display indicates On Line, On Battery, Replace Battery and Building Wiring Fault conditions. Continuous tone and two different chime alerts notify you of changing utility power and UPS conditions. Wide spaced outlets allow you to protect equipment that uses input transformer blocks without blocking access to other receptacles. \$75,000 Equipment Protection Policy. Manufacturer's limited three-year warranty.
