A Air Purifier with PlasmaTRUE™ Technology True HEPA filter captures 99.97% of airborne particles as small as 0.3 microns, including pollen, ragweed and other allergens, as well as mold spores, dust mites, viruses, germs, cigarette smoke and odors. Air purity sensor monitors the air quality and automatically adjusts the fan speed to keep your air purified. Ultra quiet operation. Filter change indicator. PlasmaTRUE™ Technology creates an ionized field to safely remove airborne particles. Manufacturer's limited five-year warranty.

E Turbo Air Purifier The next generation ionic air purifier. This incredibly effective, totally silent system improves the air quality of the environment by trapping airborne allergens like pollen, smoke, dust and dander as well as pet odor. The patent-pending germicidal chamber kills germs and bacteria, and the Oxygen Plus® filter turns smog and ozone into pure oxygen. Energy efficient system has no costly filters to replace. Front-loading collection blades. For medium to large rooms. Manufacturer's limited one-year warranty.
