

A Coin Totes For deposits to the Federal Reserve Bank. Coded alphanumerically with tear-off receipts; space for transmittal information. Tamper-evident seal, reinforced handle, heat-sealed seams.

ID No.	W x H	Color	Qty.	Unit	Price
Double Handle —Holds 55 lbs. of coins.					
1 MMF-2310421DBL20	12½" x 23½"	Clear	100	BX	165.25
Single Handle —Holds 50 lbs. of coins.					
2 MMF-231042120	13" x 22"	Clear	100	BX	158.10

B BioNatural Coin Tote Bags have security closures featuring seams and void indication graphics. Designed for use with most coin counting machines. Bags feature a simple, permanent adhesive seal. Strong heat-sealed seams hold up to rough treatment, while a reinforced handle makes transporting safe and easy. Unique numbering, bar codes and tear-off receipt strips create a permanent audit trail. Imprinted white shaded areas leave space for information such as destination, sender, preparer and date. Holds standard Federal Reserve Bank capacities and meets Federal Reserve standards when used with ABA color-coded shipping labels.
