

A Universal Tablet Folio This folio's clever mounting system provides a customizable fit for a variety of new tablets and offers multiple in-case viewing angles. Professional-styled folio designed to fit multiple brands of tablets. Two viewing angles adjust to minimize glare. Cover opens and folds to provide an angled stand for viewing or typing. Slide your hand underneath the wide elastic strap on the inside of the cover for a secure grip. Soft, scratch-resistant material lines the inside cover to protect your screen while closed.
