TRIPP·LITE POWER PROTECTION

A DVI Dual Link Signal Extender This signal extender delivers peak video performance by DVI-enabled digital video components, which makes it ideal for digital signage applications in schools, churches, retail displays, trade show presentations and restaurants. The built-in signal booster can support resolutions of up to 2560 × 1600 (60Hz), assuring that you enjoy crystal-clear picture at all points of your installation. The unit is completely plug-and-play, making it easy and efficient to set up. Manufacturer's limited one-year warranty.

ID	No.	Connectors	Unit	Price
1	TRP-B120000 ✳	2 DVI-I Female	EA	84.80

✳ RoHS.

B VGA Video Splitter 2-Port Split a single VGA/SVGA signal into two separate signals. Allows for the video source to be in a secure, remote location for controlled access while still delivering the signal to devices in another area. Multiple splitters can be cascaded to add additional monitors. Built-in booster allows a video signal to be transmitted up to 210 feet from source.
